Subject: **Knowledge and Awareness Mapping Platform (KAMP): An initiative of CSIR-NISTADS & M/s NCPL**

Sir,

I am pleased to inform you that "Knowledge and Awareness Mapping Platform" (KAMP) is an initiative and Knowledge Alliance of Council of Scientific and Industrial Research-National Institute of Science Technology and Development Studies (CSIR-NISTADS), Department of Scientific and Industrial Research, Govt. of India with our industrial partner, M/s NYSA Communications Pvt. Ltd., Noida, UP. The KAMP has been launched by Prof. K. Vijay Raghavan (Principle Scientific Advisor, Govt. of India) and Dr. Shekhar C.Mande (Director General, CSIR) on 3rd April 2019.

In view of the growing pace and complexity of knowledge system in the present times, it has been realized that there is a critical need to quantitatively assess the awareness and knowledge of students on various subjects regularly and objectively. Thus, KAMP has been initiated to identify and promote gifted and talented students of class 5th to 12th in the field of Science, Technology and Humanities across India. Based on the algorithm and design development on CSIR-NISTADS, KAMP would support in identifying the talent at primitive stage and nurturing them in their areas of strength. The outcome of the KAMP will provide a comprehensive assessment not only to the young students but also to schools, teachers and parents.

The details of the KAMP and implementation process are attached for kind perusal and reference. For more details please visit www.kamp.nistads.res.in or contact Secretary, KPMC at secretary@kamp.res.in

The vision is "To identify and capture Scientific and Technological temperament in students to make India Global Leader in the Field of Science, Technology and Humanities".

I request you to support this initiative of knowledge alliance in the affiliated schools to promote science awareness and technology amongst students.

With regards,
